## Craftah Craft Fairs - Rules & Regulations

---

### 1) Space Reservation Rules

No Space shall be Reserved without a Signed Application and Space Fees Paid. Please Plan your Attendance in Advance. Most Fairs, Especially ALL Christmas Fairs, Fill Up Quickly & Typically have Waiting Lists. (Sometimes Unpaid Spaces Don't Show Creating Holes)

### 2) Perfumes/Aromas

Please be aware that some people have allergies to certain aromas/scents. Please let us know on the application form if your display/product will have a scent that will be noticeable to your fellow vendors.

Do you have an issue with being next to products that have an aroma or scent to them? ( Yes / No )

### 3) Vehicle Make/Model, License Plate Numbers & Parking

We ask for your make, model and license plate number of your vehicle on the application form so that we can find you in case of emergency. You may need to move your vehicle... You may have left your lights on...

**Please unload** thru any the main entrance/exit doorways.

**Vendor Parking** will be in the main parking area away from Customer Parking. There will be NO all day parking in the Public Handicap Spaces. Please do not park in parking spaces near the front of the Building/Craft Fair Area. Please allow the public access to those spaces so they may easily come in and shop.

### 4) Electricity

Electricity, where available, will be on the inside walls (Note: No Electricity Available at Farmers' Market). It is always good to bring a long, heavy duty, extension cord as you may have a reach of up to 50' to an outlet. Due to OSHA rules, you aren't allowed to string up/tape down a cord in public walkways. No Heavy Load Devices like Heaters - They blow the Breakers.. :(

### 5) Types of Spaces: Table vs. Display

For the Inside Fairs there are two types of space set ups: Display and Table. Display spaces are where you take up the majority of the space with a display. Table spaces are for those whose wares consists mainly of items on a table only. Due to the Mall's permanent structural design, knowing your Typical Set-up prior to the Fair Date is very Helpful.

### 6) Fire Code Requirements for All Public Walking Paths

For Inside Fairs: Public walking areas are to be at least half of the width of the hallway. Be aware of this as you create your display, please maintain borders and work with neighbors.

### 7) Times: Set Up, Show & Breakdown

Set up is After 7 AM to 9 AM. Fair is open to the public 9 AM to 3 PM. Any vendor who breaks down early without permission - the promoter reserves the right to reject any/all future applications or not observe/reserve any specific space at future events.

### 8) Vendor Responsibility

Vendors are responsible for their space, product & display. All tables brought in are to be rubber/plastic bottomed legs & be covered on all public facing sides to the floor. There are no tables or chairs available for this event - vendors will need to bring any tables & chairs they need. All vendors are to clean their area of all product, displays & debris before leaving the building.

**Child Care:** If you bring children with you, please make sure you keep them in sight at all times and that they are always accompanied when not in your space. Please do not allow them to wander the building or to disrupt other vendors by noise or playing in front of other vendor's spaces. Thanks!!

### 9) Voluntary Advertising Donations

We all know that getting customers is VERY important. A Fair can not have enough advertising. Some vendors have said they are willing to donate money to that cause. Those that wish to, can, on this line item. All this money will go directly to Ads!
